THE MANY FACES OF ALAN

❖ Relief Needs

In the wake of the recent tragic earthquake in **Haiti**, we are working to identify relief needs together with major humanitarian relief agencies, including the National Voluntary Organizations Active in Disaster (NVOADs), FEMA and the American Red Cross. As needs are identified that can be met through the expertise and resources of our member base, we will share those needs with association members and post them here. >

❖ ALAN at Work

In addressing the needs in Haiti, the team at ALAN has been overwhelmed by the outpouring of generosity from the supply chain community.

With your help, we're working hard to make connections and coordinate relief efforts. Learn about some of the initiatives currently underway.

➤ Relief Needs

We are currently concentrating our efforts on disaster relief for Haiti. There are numerous opportunities that require supply chain resources and expertise. In-kind donations of products, services or expertise and monetary support are welcome. NGOs responding to the disaster in Haiti need your support to help the victims.

NGOs post their needs here for you to view. Financial support is always the most flexible way to help NGOs. Recipients include: CARE, Project Hope, World Vision, International Federation of Red Cross, Meds and Food for Kids, MedShare, Food for the Poor, Save the Children, and more.

Making in-kind donations

When making donation offers, you may match a posted need or make a general, unsolicited offer.

- **Match a posted need:** Review the posted needs. You can filter the list by selecting a Category, Recipient (NGO) name, or other criteria listed. Click the "Details" link and scroll to the bottom of this page to get all the specifics of the need, including minimum / maximum quantities, expiration date, etc. Once you locate an item that matches your offer, simply click the "Donate" link at the left of the row.

- **Make a general offer:** If you do not find a posted need that matches your goods or services, click the "General Donation" button to make an offer. Submit all the specific details of your offer, and we

"A disaster always reveals unmet needs. ALAN seeks to open a window on those needs and provide a relief network capable of addressing them."

The screenshot displays the FEMA/Aidmatrix Donations management system interface. The page features a search bar with fields for 'Need Category', 'Sub Category', 'Need Description', and 'Recipient'. Below the search bar, a 'New Needs' section is highlighted with a red header and a heart icon. This section contains a table with 10 columns: Ref #, Priority, Description, Category, Sub-Category, Recipient, Min. Qty., UOM, and Response By Date. The table lists six items, each with a 'Details' link and a 'Donate' link. The first five items are for construction-related needs, and the last one is for bottled water.

Thank You

Thank you very much for your offer of an in-kind donation of goods or services to support relief efforts. Your donation will be reviewed by all of the approved Voluntary Organizations Active in Disaster (VOAD) Members as well as all other charities approved by the state to receive in-kind donation offers via the Aidmatrix Network. We truly appreciate your generosity. It may take up to 30 days for this review to occur and the donation to be accepted.
