## **Generac Foundation Awards Grant To American Logistics Aid Network To Support Disaster Response**

Lakeland, FL. – The American Logistics Aid Network announced today that the Generac Foundation has awarded a \$10,000 grant to support ALAN’s disaster response work.

“This is the second year ALAN and Generac are partnering to improve disaster preparedness and response,” said ALAN Executive Director Kathy Fulton. “We are so grateful for the organization’s continued support and belief in the impact of our mission.”

Generac’s grant will be used to expand ALAN’s disaster response coordination programming – helping ALAN leverage donated logistics services and materials to ensure that humanitarian aid reaches disaster survivors as efficiently and effectively as possible.

“One of the focus areas of the Generac Foundation is disaster preparedness and response. ALAN provides critical infrastructure and support when it is needed most and we are honored to support their mission,” said Kelly Skindzelewski, Community Programs Manager, Generac.

###

About ALAN: Founded in 2005, ALAN provides donated logistics assistance to disaster relief organizations before, during and after catastrophic events. It is aided in these efforts by financial supporters, volunteers and in-kind donors. In 2023 and 2022 it coordinated compassionate supply chain services for disasters such as Hurricane Idalia, the Maui wildfires, the southwest tornadoes, the California winter storms, the Türkiye-Syria earthquakes, Hurricane Ian, Hurricane Fiona, the attacks on Ukraine, the flooding in Eastern Kentucky, and the COVID-19 pandemic.
